EXPERIENCE

CDAC, Chennai — *Mini Project Intern*

AUG 2023 - OCT 2023

HCL TECH, Chennai — *Mini Project Intern*

JAN 2024 - MAY 2024

EDUCATION

Pon Vidyashram(Group of Cbse Schools),Chennai-KG to XII

2006-2021

Sathyabama University, Chennai — *B.E-CSE*

2021-2025

PROJECTS

Creating Ubuntu images with Multiple partitions in Openstack— (*Associated with CDAC*)

In this project, I demonstrated how to create a tailored Ubuntu image with multiple partitions and upload it to OpenStack's Glance for efficient deployment.

Virtual Machine Deployment in Cloud Service Providers— (*Associated with Sathyabama University*)

A user-friendly cloud computing solution that simplifies the process of provisioning virtual machines (VMs). With the platform, users can easily reserve and deploy VMs, which are then seamlessly delivered to their preferred cloud service providers.

Automobile selling application— (*Associated with HCL Tech*)

Fully customizable website using (HTML,CSS,Javascript,Java,MySql).
